Boston MA 02114-2023

Re: Clariant Corporation Additional Documents for Ms. Marianne Milette

Dear Ms. Toscano:

Please find one confidential copy and three company sanitized copies of the following documents:

1. Clariant Corporation letters to pigment customers requesting end-use information.
2. Responses from customers to Clariant.
3. Consolidated Second Tier Customer and End Use Supplement.
4. Second Tier Customer and End Use Supplement.

Please feel free to contact me if any additional information is needed regarding this submittal.

Sincerely,

A handwritten signature in cursive script that reads "Erin Russell".

Erin Russell

c: Marianne Milette

Dear

As we previously communicated, Clariant Corporation voluntarily disclosed to regulatory agencies our recent discovery of PCB impurities in some lots of our PV Fast Red 3B and PV Fast Red BNP pigments. Based on this disclosure, Clariant Corporation met with the Region 1 office of the U.S. Environmental Protection Agency on October 14. The EPA has formally requested that Clariant provide the agency with certain information regarding the manufacture and downstream uses of these two pigments.

The EPA's request instructs Clariant to provide a list of our customers that received these pigments, as well as certain information regarding your customers that received products manufactured with these pigments. The purpose of providing this data is to allow the EPA to better understand the end uses and end markets for these pigments. To gather the data in a consistent manner, we have attached a form for you to complete for each customer.

Clariant will be supplying similar information regarding the customers to whom we shipped these pigments, including. At this time, we do not know if the EPA will choose to make direct contact with you or your customers. We are continuing to supply *other* analytical and end use data to the EPA with the hope that it will minimize or eliminate the need for direct contact with you and/or your customers. Therefore we appreciate the efforts you make now to help us gather this important information.

Please be assured that Clariant Corporation will treat this information as strictly confidential to be shared only with the EPA as necessary. Clariant Corporation will claim all customer information as "TSCA Confidential Business Information," per their regulations at 40 C.F.R. Part 2, Subpart B. All information provided will be utilized only by Clariant's environmental, safety and health managers for this limited use. Under no circumstances will it be disclosed to any of Clariant's business unit personnel.

Please complete the attached form, one per customer, and send to my attention at fax number (704) 331-7105. To meet the EPA deadline, please return your forms by November 21, 2003 at the latest.

Thank you again for your cooperation in this matter. Clariant is working diligently to bring this issue to closure. If you have any questions, please call me at (704) 331-7104.

Clariant Corporation

A handwritten signature in dark ink, appearing to read "M. A. Teague", is written over the printed name.

Michael A. Teague

Vice President - Environmental, Safety & Health Affairs

INSTRUCTIONS: Complete one form for each customer that received your products containing either of the Clariant pigment products that we previously notified you contained impurities. Fax each form to Mike Teague at (704) 331-7105 by November 21, 2003.

Please check the accuracy of the information in this section and make any corrections, then duplicate the form as necessary.

To gather the data in a consistent manner, we have attached a form for you to complete for each customer.

Clariant will be supplying similar information regarding the customers to whom we shipped these pigments, including _____ At this time, we do not know if the EPA will choose to make direct contact with you or your customers. We are continuing to supply *other* analytical and end use data to the EPA with the hope that it will minimize or eliminate the need for direct contact with you and/or your customers. Therefore we appreciate the efforts you make now to help us gather this important information.

Please be assured that Clariant Corporation will treat this information as strictly confidential to be shared only with the EPA as necessary. Clariant Corporation will claim all customer information as "TSCA Confidential Business Information," per their regulations at 40 C.F.R. Part 2, Subpart B. All information provided will be utilized only by Clariant's environmental, safety and health managers for this limited use. Under no circumstances will it be disclosed to any of Clariant's business unit personnel.

Please complete the attached form, one per customer, and send to my attention at fax number (704) 331-7105. To meet the EPA deadline, please return your forms by November 21, 2003 at the latest.

Thank you again for your cooperation in this matter. Clariant is working diligently to bring this issue to closure. If you have any questions, please call me at (704) 331-7104.

Clariant Corporation

M. A. Tegun

Michael A. Teague
Vice President – Environmental, Safety & Health Affairs

INSTRUCTIONS: Complete one form for each customer that received your products containing either of the Clariant pigment products that we previously notified you contained impurities. Fax each form to Mike Teague at (704) 331-7105 by November 21, 2003.

Please check the accuracy of the information in this section and make any corrections, then duplicate the form as necessary.

Dear

As we previously communicated, Clariant Corporation voluntarily disclosed to regulatory agencies our recent discovery of PCB impurities in some lots of our PV Fast Red 3B and PV Fast Red BNP pigments. Based on this disclosure, Clariant Corporation met with the Region 1 office of the U.S. Environmental Protection Agency on October 14. The EPA has formally requested that Clariant provide the agency with certain information regarding the manufacture and downstream uses of these two pigments.

The EPA's request instructs Clariant to provide a list of our customers that received these pigments, as well as certain information regarding your customers that received products manufactured with these pigments. The purpose of providing this data is to allow the EPA to better understand the end uses and end markets for these pigments. To gather the data in a consistent manner, we have attached a form for you to complete for each customer.

Clariant will be supplying similar information regarding the customers to whom we shipped these pigments, including _____ At this time, we do not know if the EPA will choose to make direct contact with you or your customers.
